

Name: _____

Zoologist Report

You are a zoologist studying an animal of your choice. The only guidelines you need to follow are that the animal can't be extinct, imaginary, or the animal that you researched for the Utah animal report. Please remember that you need to pick a specific animal so if you pick a turtle that interests you so find a specific turtle such as Leatherback Turtle or Green Sea Turtle, etc... Please submit each days PDF when you're done and be detailed with your answers! Make sure you download and save or print it and fill it in so that your work is not lost!

Wednesday 4/22

Diet:

Is your animal a herbivore, omnivore, or carnivore?

What specifically does your animal eat?

How often do they eat?

How do they eat?
